I am writing you in reguards to the station air one. Air one has helped many people in our community by becoming better people. (Christians)!
Air one spreads Gods word and helps many people.

If this station was taken over by another lpfm station many people in our comunity would be hurt, beacuse many teens sit in the parking lot listing to air one and talking about christ and what he has done for us. Please take a minute and think before you take them off the air.

I think it puts an impact on our teens and young adults lives today and it is a good impact.

Till we meet in heaven,
Blake
